

## HF Cable Picker

Collect cables from stacked reefer containers up to 4 tiers.

The HF Cable Picker comprises of a carbon fiber telescopic pole and a stainless-steel hook and is designed to collect the power cable from the cable tray on higher tier of stacked reefer containers.

The cable picker is lightweight, and its pole can be extended from 1.8m to 9.3m.

The locking system makes it easy to operate.

The rubber bottom makes the cable picker non-slip.

### Parameters
